

Single Door, Frost-Free Freezers and Refrigerators - 2005 United States | Canada

Date: September 20, 2005

Name of Product: Whirlpool brand single-door frost-free freezers (20 cubic feet or less) and refrigerators (17 cubic feet).

Units: Approximately 67,000.

Manufacturer: WC Woods Company Inc. of Ottawa, Ohio

Hazard: In some units the end cap of the defrost heater tube can dislodge, resulting in a potential shock hazard and may melt, deform and/or burn the interior food liner.

Incidents/Injuries: No injuries have been reported, however this recall is being conducted to ensure your safety.

Description:

The recalled products are Whirlpool brand frost-free freezers (20 cubic feet or less) and refrigerators (17 cubic feet) manufactured between September 2002 and February 2004. The freezers and refrigerators come in black, white or stainless steel. They have the following model numbers located on the left-hand side of the appliance:

Brand	Model Number Begins With	Date of Manufacture
Whirlpool	EL7ATTRK, EL7ATTRM, EL7JWKLM, EL7JWKRM, EV150NXM, EV170NYL, EV171NYM, EV200NXK, EV201NXM	200209 (September 2002) through 200402 (February 2004)

Sold At: The majority of these units were sold at retail outlets nationwide between September 2002 and December 2004 for \$399-1099.

Manufactured In: USA

Consumer Contact: Call Whirlpool Corporation toll-free at 1-866-580-9177 Monday - Friday 8am - 8pm EST.

Remedy: The defrost heater will be repaired. A repair kit, which includes clips, will be installed to eliminate the potential for electrical shock.
